Translated into Simplified Chinese!

Spiritual Parenting introduces the simple but revolutionary concept that parents are, by the power of God's Spirit, to obey and depend on God in order to create an environment God can use to beckon their children to Him.

It's hard enough to train kids to behave, but good behavior isn't what Jesus calls for in the Bible. He wants hearts and souls that are shaped in vibrant faith and love toward God and others. How can parents cultivate this in their children? In this book Dr. Michelle Anthony shares practical examples and biblical insight on the spiritual role of parenting.
