Lip Reading: A Novel Harry Kraus **She Could Save Millions, or Save Herself**

She just needs a little longer. She's really close. Dr. Rebecca Jackson, a medical researcher, stands on the verge of a breakthrough that will transform medicine. But she soon discovers the reason behind the miraculous progress in her research, and it leaves her with a nearly impossible choice . . . and little time to decide. More than her research is at stake. And more threatens it than this latest revelation. Something she's tried hard to cover up. There is a high cost to some things in medicine and it's not always the patient who pays. Can Rebecca find the faith and wisdom she needs to make the right call? The clock is ticking and the pressure is on.
