*A mathematics professional development program for inclusive classrooms*

This professional development program shows general and special education teachers how to collaborate to provide a high-quality, standards-based mathematics education to all students, including those with disabilities. This book includes the handouts and reproducibles for the program. The corresponding kit includes a facilitator's guide and a companion DVD. The *Math for All* learning experiences help teachers:

- Assess students' strengths and needs
- Use multiple instructional strategies to teach specific math concepts
- Tailor lessons based on individual students' strengths and needs to help them achieve high-quality learning outcomes in mathematics
