## **More Steve Allen on the Bible, Religion and Morality (More Steve Allen on the Bible, Religion & Morality) Steve Allen**

The popularity of *Steve Allen on the Bible, Religion, and Morality* led the Dean of Intelligent Comedy to continue his skeptical examination of biblical claims. Among the topics discussed in this successor volume are abortion, alcoholism, angels, homosexuality, the Song of Solomon, Leviticus, Peter, and women's liberation.

Although the Bible has been referred to, quoted from, and applied to broad social issues and private problems for centuries, Allen asserts that the degree of ignorance as to its contents is vast and deep. Noting that adults rarely read the Bible, Allen is convinced that millions who do read it are not able to understand certain passages at all.

Throughout the book, Allen offers direct quotes from biblical scholars - Catholic, Protestant, and Jewish - in addition to generous references to the views of various scholarly specialists. His goal - to make people think about what the Bible really says - is achieved through clear and readable prose.
