Is he just another jerk, or the answer to all her problems? He's almost definitely a loser, so why is she so enthralled by him?

Summer only dates scumbags. If he doesn't dine and dash on her, he'll end up being a cheater or a drunk. When the patient of a psychiatrist comes in and harasses her for a date, she turns him down and he leaves her with spit on her face.

Bradley Strange sees the whole disgusting thing go down, and he acts fast. When he kicks the jerk out, he asks Summer out on a date... but she turns him down, assuming he's visiting the lawyer's office for a divorce.

When he shows up while she's on a date with a man who works on Wall Street, everything seems to get much worse. She's threatened with a gun and left scared for her life. Will Bradley be able to keep her safe and win her over?
