Ruth Ann McKinney

The ability to read law well is an indispensable skill that can make or break the academic career of any aspiring lawyer. Fortunately, the ability to read law well (quickly and accurately) is a skill that can be acquired through knowledge and practice. First published in 2005, *Reading Like a Lawyer* has become a staple on many law school reading lists for prospective and admitted students. The second edition includes the same critical reasoning and reading strategies, accompanied by hands-on practice exercises, that made the first edition such a success. It adds a valuable new chapter on a growing challenge for this generation of legal readers: how to read material that is presented on a screen with maximum efficiency and effectiveness.

*“Reading Like a Lawyer is a must-read for 1Ls.”* — Sally Zusman, Director of Academic Achievement Programs at William Mitchell College of Law
