**Discovering Feminist Philosophy: Knowledge, Ethics, Politics (Feminist Constructions)** Robin May Schott

Many people believe that gender equality has been achieved. In such a world, why dwell on the dualism between the sexes? Why separate, and therefore marginalize, women's scholarship from scholarship as a whole? In short, why feminist philosophy? *Discovering Feminist Philosophy* provides an accessible introduction to the central issues in feminist philosophy. At the same time, it answers current objections to feminism, arguing that in today's world it is as compelling as ever to probe the impact of the dualism of the sexes. Therefore, feminist perspectives make a vital contribution to the present and future of philosophy. Author Robin May Schott also contributes an original perspective on feminist ethics, based on her work on war and rape. This unique book is equal parts survey, viewpoint, and scholarship—ideal for anyone seeking to understand the current and future role of feminist philosophy.
