## Multiple Personalities Tatyana Shcherbina

Having spent years in a coma, a female protagonist is anxious to lead a normal life. Her miraculous recovery is riddled with falling in and out of our time continuum - she wanders through history in her imagination as if it were her backyard. Notwithstanding her condition, her peers are going through a real change of their own echoing events that engulfed Russia in the past few decades. In Multiple Personalities, life is a masquerade and its participants are characters from classic world literature racing towards destination unknown. The question they all are asking is whether the traditional notion of time's flow from the past to the future is the correct one. Who has the answer?
