The Banking and Financial Structure in the Nafta Countries and Chile George M. von Furstenberg

Since the North American Free Trade Agreement (NAFTA) took effect at the start of 1994, production and trade in goods and services have become ever more integrated in the region. Banking and financial systems thus also must increasingly inform, adjudicate, transact, invest, insure, and intermediate all across North America. Presently, however, there is no single or up-to-date source of information on the banking and finance systems of current (Canada, the United States, and Mexico) and prospective (Chile) NAFTA countries. This volume presents the first report on the banking and financial structure of each of the three NAFTA countries and Chile.
