Global Technology and Corporate Crisis: Strategies, Planning and Communication in the Information Age

Simon Moore, Mike Seymour

Global Technology and Corporate Crisis: Strategies, Planning and Communication in the Information Age Simon Moore, Mike Seymour

Accelerating global change is generating a volatile, shifting and potent array of risks and threats for business and corporate management. If business is to survive and recover, the authors argue that a major shift is needed that embraces corporate culture, operational planning and the key role of communication in the information revolution. This innovative text meets this challenge head on. It includes informed insights into the implications for strategic planning, management and communications handling for companies facing serious issues and crisis situations in tomorrow's corporate world.

With a wide-ranging review of the information and communications revolution, and a forecast of future parameters for planning and execution of crisis management, this book will be invaluable reading for all those involved in the strategic management of technology and corporate communications.

From reader reviews:

Lorraine Edler:

Nowadays reading books be than want or need but also get a life style. This reading practice give you lot of advantages. The advantages you got of course the knowledge your information inside the book that improve your knowledge and information. The info you get based on what kind of publication you read, if you want attract knowledge just go with schooling books but if you want really feel happy read one along with theme for entertaining for instance comic or novel. The Global Technology and Corporate Crisis: Strategies, Planning and Communication in the Information Age is kind of e-book which is giving the reader erratic experience.

Jose Johnson:

This Global Technology and Corporate Crisis: Strategies, Planning and Communication in the Information Age is great book for you because the content that is certainly full of information for you who else always deal with world and also have to make decision every minute. That book reveal it information accurately using great coordinate word or we can claim no rambling sentences in it. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only offers you straight forward sentences but tricky core information with lovely delivering sentences. Having Global Technology and Corporate Crisis: Strategies, Planning and Communication in the Information Age in your hand like finding the world in your arm, info in it is not ridiculous one particular. We can say that no e-book that offer you world within ten or fifteen second right but this book already do that. So , this is good reading book. Heya Mr. and Mrs. stressful do you still doubt that will?

Alberto Turcotte:

A lot of guide has printed but it differs. You can get it by web on social media. You can choose the most effective book for you, science, amusing, novel, or whatever by simply searching from it. It is referred to as of book Global Technology and Corporate Crisis: Strategies, Planning and Communication in the Information Age. You can include your knowledge by it. Without causing the printed book, it could possibly add your knowledge and make you actually happier to read. It is most significant that, you must aware about guide. It can bring you from one destination to other place.

Margaret Watt:

What is your hobby? Have you heard that question when you got pupils? We believe that that problem was given by teacher with their students. Many kinds of hobby, Every person has different hobby. And you know that little person including reading or as studying become their hobby. You need to understand that reading is very important as well as book as to be the factor. Book is important thing to add you knowledge, except your own personal teacher or lecturer. You will find good news or update with regards to something by book. Amount types of books that can you decide to try be your object. One of them are these claims Global
