This is an era of exponential growth especially in technologies. Air Forces are the most technology intensive fighting arms. An ideal Air Force would constantly embrace and adopt new technologies to retain it's cutting edge and all dominant status in battle space. Failure to do so may spell it's doom when faced with more current Air Force. Along with new technology there is a need to reorganise many aspects in the organisation. These include, but are not limited to, command and control setup, inter-service integration, HR function, organisational culture and attitude etc etc. This study focuses on the reorganisation already due and suggests ideas for the future.
