## Investigating English Pronunciation: Trends and Directions

*Investigating English Pronunciation: Trends and Directions* is a cutting-edge update on the latest research in the field of English pronunciation. The volume provides readers with fully-developed examples of the latest trends and research topics in English pronunciation from specialists in Europe, Asia, and the United States. These include, amongst others, segmental and suprasegmental features in L1 and L2 varieties of English, sociophonetic or sound-symbolic aspects of pronunciation, and applications such as English pronunciation teaching and learning. The contributions to the volume deal with original topics and make use of a wide variety of methods in researching English pronunciation, illustrating these through a series of selected case studies, and providing readers with a number of novel and motivating questions that will inspire further research.
