## **World War Two Will Not Take Place** Bill James

Set during an alternative version of 1938 with Bill James' trademark satirical take on events - England, 1938. War looms, but the Prime minister's talks with Hitler in Munich seem to result in a pact of peace. Now Mount, a secret service officer, is sent on an undercover mission to Berlin. But with all this talk of peace he starts to wonder whether his mission has any point. All until a meeting with Toumlin and two good-time girls from the local bar results in a broken chair. Could this chair have been not only the key to his mission but also the key to peace?
