¿Es España diferente?: Una mirada comparativa (siglos XIX y XX) (Spanish Edition) Nigel Townson

La historia de España de los siglos XIX y XX en perspectiva comparada. El eslogan Spain is different, que llegó a simbolizar no sólo la explosión turística de los sesenta sino también la aberrante singularidad de la dictadura franquista, acabó convirtiéndose en una idea preconcebida incluso para los historiadores. Muchos de los aspectos más destacados de la historia española contemporánea, como los pronunciamientos, el anticlericalismo, la creación de la identidad nacional, la Guerra Civil o Franco, suelen verse como ejemplos de su anormalidad o peculiaridad, pero pocos historiadores han intentado realmente colocar en un marco amplio la trayectoria política, económica y social de la España de los últimos dos siglos. Desde una perspectiva explícitamente comparativa, este libro se propone averiguar si la historia de España, situada en el contexto internacional, puede considerarse representativa, retrógrada o incluso una ruptura. En otras palabras, permite, por vez primera, evaluar si España es o no diferente. En este libro participan otros cuatro reconocidos historiadores: José Álvarez Junco, María Cruz Romeo Mateo, Edward Malefakis y Pamela Radcliff.
