Your Baby Can Read Volume 1 is a series of books for Babies and preschool children or toddlers. Baby and kids love listening to stories, and looking at pictures, as their parents or grand parents read to them, using a physical book or a tablet.

With our Your Baby Can Read series of books, reading aloud to your baby and toddler will be a fun filled activity. It will help with bonding and can be comforting for your baby. Together, you will create those special moments when you and your baby and toddler bond together and discover words and sounds that entertain and comfort them. Done on a regular basis and as a routine, it may even urge them to read independently or be creative.

Repetition is the key and as your baby and toddler picks up on sounds they can start to fill in the words, as you read to them. But what if you also had a picture to show them of what the word stands for. Pretty soon they will start to associate the picture with the word. They will be eager to say the word aloud, when you get to that point of the story. That is the magic and value of the Your Baby Can Read series of books we have created for your baby and child.

With Fairy Tales and Nursery Rhymes, you can have your baby learn to read and learn words, faster and with ease, through repetition. This book makes it a game and it allows you to get involved in teaching your child to speak and read words associated with the pictures.
