## Techniques for Surviving Mobile Data Explosion (IEEE Series on Digital & Mobile Communication)

Dinesh C. Verma, Paridhi Verma

### Discusses the challenges of bandwidth scarcity due to mobile data explosion and their solutions

The rapidly growing popularity of Smartphones and other mobile devices has resulted in an exponential growth of mobile data. There is insufficient radio spectrum to cope with this growing data demand, and upgrading existing networks to meet the demands of mobile data explosion is expensive.

*Techniques for Surviving the Mobile Data Explosion* is about the different approaches that can be used to address the challenges of limited bandwidth. It examines these challenges from the perspective of the mobile network operators, mobile applications developers, and enterprises that deploy mobile applications for their employees.

The book provides:

- Comprehensive yet easy-to-understand information that is free of technical jargon, complex mathematical notation, and multiple acronyms
- Easy-to-understand figures as well as a comprehensive set of references
- A cross-disciplinary approach spanning the areas of cellular networks, IP networks, and mobile applications

*Techniques for Surviving the Mobile Data Explosion* is ideal for wireless application developers and mobile network operators.

**From reader reviews:**

**James Hubbard:**

Have you spare time for just a day? What do you do when you have much more or little spare time? Yeah, you can choose the suitable activity with regard to spend your time. Any person spent their spare time to take a walk, shopping, or went to the Mall. How about open as well as read a book titled Techniques for Surviving Mobile Data Explosion (IEEE Series on Digital & Mobile Communication)? Maybe it is to be best activity for you. You recognize beside you can spend your time together with your favorite's book, you can more intelligent than before. Do you agree with the opinion or you have other opinion?

**Ann Birdsell:**

Hey guys, do you wants to finds a new book to read? May be the book with the title Techniques for Surviving Mobile Data Explosion (IEEE Series on Digital & Mobile Communication) suitable to you? The actual book was written by well known writer in this era. The actual book untitled Techniques for Surviving Mobile Data Explosion (IEEE Series on Digital & Mobile Communication)is the main of several books in which everyone read now. This book was inspired many people in the world. When you read this guide you will enter the new way of measuring that you ever know before. The author explained their thought in the simple way, thus all of people can easily to be aware of the core of this guide. This book will give you a large amount of information about this world now. To help you to see the represented of the world in this book.

**Mary Killgore:**

On this era which is the greater man or who has ability in doing something more are more important than other. Do you want to become one among it? It is just simple approach to have that. What you have to do is just spending your time little but quite enough to possess a look at some books. One of several books in the top collection in your reading list will be Techniques for Surviving Mobile Data Explosion (IEEE Series on Digital & Mobile Communication). This book that is qualified as The Hungry Slopes can get you closer in growing to be precious person. By looking up and review this guide you can get many advantages.

**Evan Miller:**

Reserve is one of source of information. We can add our know-how from it. Not only for students but also native or citizen need book to know the up-date information of year to be able to year. As we know those guides have many advantages. Beside most of us add our knowledge, can also bring us to around the world. By the book Techniques for Surviving Mobile Data Explosion (IEEE Series on Digital & Mobile Communication) we can consider more advantage. Don't that you be creative people? To become creative person must love to read a book. Just simply choose the best book that appropriate with your aim. Don't possibly be doubt to change your life at this time book Techniques for Surviving Mobile Data Explosion (IEEE Series on Digital & Mobile Communication). You can more pleasing than now.
