Solar Ian Mcewan

Michael Beard is a Nobel Prize-winning physicist (and compulsive overeater) whose best work is behind him. Trading on his reputation, he speaks for enormous fees, lends his name to the letterheads of renowned scientific institutions, and halfheartedly heads a government-backed initiative tackling global warming. Meanwhile, Michael's fifth marriage is floundering due to his incessant womanizing. When his professional and personal worlds collide in a freak accident, an opportunity presents itself for Michael to extricate himself from his marital problems, reinvigorate his career, and save the world from environmental disaster. But can a man who has made a mess of his life clean up the messes of humanity?

A complex novel that brilliantly traces the arc of one man's ambitions and self-deception, *Solar* is a startling, witty, and stylish new work—Ian McEwan at his finest.

From the Trade Paperback edition.
