Sustainable Communities: Creating a Durable Local Economy (Earthscan Tools for Community Planning) Rhonda Phillips, Bruce Seifer, Ed Antczak

What is a *durable* economy? It is one that not only survives but thrives. How is it created, and what does it take to sustain over time? *Sustainable Communities* provides insight and answers to these questions.

Citing Burlington, Vermont's remarkable rise to award-winning status, this book explores the balance of community planning, social enterprise development, energy and environment, food systems and cultural well-being. Aimed at policymakers, development practitioners, students, and citizens, this book describes which and how multiple influences facilitate the creation of a local, durable and truly sustainable economy. The authors hope to inspire others by sharing this story of what can be done in the name of community economic development.
