Understanding social citizenship (second edition)

Peter Dwyer

Understanding social citizenship (second edition) Peter Dwyer

This updated and revised edition of Understanding social citizenship is still the only citizenship textbook written from a social policy perspective. It provides students with an understanding of the concept of citizenship in relation to UK, EU and global welfare institutions; covers a range of welfare debates and issues; explores inclusion and exclusion; combines analysis and discussion of social policies and uses easy-to-digest text boxes. The revised second edition contains new topical sections on 'Cameron's Conservatism' and the EU and A8/10 migration in the UK. The book is essential reading for undergraduates in social policy, sociology, social work, politics and citizenship, A/AS level students and their teachers, and those on access courses, foundation degrees and teacher training courses.
