Don't we all wish we had a road map to keep us on the right track in life? We need certain cornerstones, or pillars in life to guide and direct us along our journey. In this book you will find those guideposts as described by a native Oklahoman, Tony Smith, who has been through his share of storms as well as blue skies. The stories are joyful, tearful, humorous, and thought provoking. Along the way you will also pick up some practical tips and tricks for improving your life to keep you going in the right direction. You see it's not about how much money we make along the way - or what size house we have, the car we drive, the clothes we wear, the country clubs we belong to or how many degrees, or initials we have listed behind our name that really matter. It's about leaving something behind like my grandmother did that goes on forever after you're gone from this earth. For after all, we're just passing through. It's about changing lives and hearts along the road we travel. It's about making a difference in the lives of others. Life is the sum total of moments, and how we choose to use them is really up to us! In the end we all make up our minds to do exactly what we want to do with our time. I hope you enjoy Oklahoma Ride and that it helps you in some meaningful way in your own life!
