## CRASH INTERCEPT

A major CIA sting operation goes disastrously wrong, putting four miniature nukes from an American Cold War project on the free market. The bloody snatch-and-grab work done, all that remains for double agent Cirello Zalhares and his rogue cadre is to sell the weapons, collect their millions and get off U.S. soil before the mushroom clouds rewrite history.

Turning over rocks in the nation's major crime organizations, Mack Bolan's hard probe targets the buyer's market for the weapons and the bidding war for disaster. When the laws of supply and demand clash with the law of the jungle, the only way to avert the unthinkable is head-on.

No deals. No mercy.
