Aristotle: Politics, Ethics and Desirability (3rd Edition)

Chris Gould

Aristotle: Politics, Ethics and Desirability (3rd Edition) Chris Gould

I want this book to be more than just about phronesis, telos and eudaimonia.

I want this book to be more than just a mere comparison of existing interpretations of the greatest political thinker of our time.

Understanding key words and knowing what others have said is a good starting point, but we must also ask the question: how can these concepts be practically applied in modern-day politics and everyday life?

I hope this book, even if unable to provide a complete answer, can at least stimulate discussion on the relevance of Aristotelian thought in the present day.

And, as a bonus, I have also included a mini comparative essay with Platonic thought at the end.

Enjoy, and enrich the quality of your study!
