You Can Change the World: The Global Citizen's Handbook for Living on Planet Earth Ervin Laszlo
You Can Change the World: The Global Citizen's Handbook for Living on Planet Earth should be required reading for anyone who cares about the future of the planet. Written by renowned scientist, futurist and Club of Budapest founder Ervin Laszlo, You Can Change the World answers two pertinent questions-first, what is at the root of all the conflict and crisis in today's world? And second, what can actually be done to move toward a world where we can live in peace, without marginalizing and killing each other and destroying the environment?A handbook that urges readers to become global citizens who aspire to live responsibly on this precious but highly exploited and crisis-prone planet, You Can Change the World provides a simple and basic message: in today's world it is neither wealth nor power, nor the control of territory and technology that make the crucial difference. How we think and act shapes our present and decides our future.
