One wild ride after another. From the beginning to the end, you'll experience everything from the first experiments that went horribly wrong to the last astronaut left on the ISS, trying to get home. But home to what? A decimated world? You'll see what happens when a kidnapping is interrupted by the onset of the zombie apocalypse and so much more. No two stories are connected. Each, a stand alone tale from different author's creative minds. Set your clocks... it's about time.
