**The Magdalene Legacy: Exploring the Wounded Icon of Sexuality** Sandra M Rushing

Rushing's seminal work addresses the ways in which modern women struggle with holistic spirituality, sexuality, and anger. She employs the Mary Magdalene model as an archetype in which sexuality and spirituality are united. Using extra-canonical texts, Rushing explores the dynamics of the relationship between the Magdalene and Jesus, one that created tension within the collective and was excluded from the canon itself. The Magdalene, known as the apostle to the apostles, has remained tainted through repressive scholarly action and deliberate distortion. Her historical treatment is paralleled for women today who wish to remain within the church but who experience a subtle, ongoing sexual bias. The author's blending of the sociological theory of Thorstein Veblen and the psychological constructs of Carl G. Jung is unique in its theological application.
