Carlo Strenger

Freud's Legacy in the Global Era (Relational Perspectives Book Series) Carlo Strenger

Freud's Legacy in the Global Era presents a radically new perspective on Freud's relevance today as a forerunner of the contemporary evolutionary neurosciences also steeped in the tradition of humanistic thought. Carlo Strenger shows how globalisation has produced new theoretical, practical and clinical issues for psychoanalysis, which can best be understood by drawing on influences from economics, sociology and philosophy.

Strenger's lively case histories demonstrate a new psychoanalytic viewpoint engaged with surrounding scientific disciplines in an enriching interchange, and open to the fascinating cultural and social developments that shape patients' reality, lives and concerns in a global era.

This book will be of interest to psychoanalysts, psychoanalytic and psychodynamically oriented psychotherapists and to all mental health professionals interested in the interaction of psychoanalysis and other disciplines from a global viewpoint as well as to lay readers keen to understand the complexity of globalized life.
