Avant-garde to New Wave: Czechoslovak Cinema, Surrealism and the Sixties Jonathan L. Owen

The cultural liberalization of communist Czechoslovakia in the 1960s produced many artistic accomplishments, not least the celebrated films of the Czech New Wave. This movement saw filmmakers use their new freedom to engage with traditions of the avant-garde, especially Surrealism. This book explores the avant-garde's influence over the New Wave and considers the political implications of that influence. The close analysis of selected films, ranging from the Oscar-winning *Closely Observed Trains* to the aesthetically challenging *Daisies*, is contextualized by an account of the Czech avant-garde and a discussion of the films' immediate cultural and political background.
