Manhattan magazine editor and fashionista Kimi Renton is one of the beautiful people at couture week every year. But this time she's stuck with a rumpled P.I. posing as her photographer. Holden MacGreggor is tough-guy gorgeous-and badly attired. So if he's going to play the part right, she's going to have to dress him properly... then undress him slowly.

Soon they're having so much fun under the covers they almost forget that they're supposed to be undercover, busting up an international theft ring. Then ooh, la la turns into oh-oh when they're found out.

Could this be the last tango in Paris for both of them?
