## **America's Battle for God** Muller-Fahrenholz

A German who has called Europe, Central America, and North America home at various times in his life, Geiko Muller-Fahrenholz has the perspective of an outsider who yet loves the United States, making him uniquely qualified to present a portrait of how American society is perceived throughout the world and how the current religious factor in politics can look like a pious cloak thrown over secular selfishness. He does so without reservation, exploring super-patriotism, the "lost opportunity" of 9/11, and the dangerous clash of fundamentalisms. "America's Battle for God" is a challenging read. Muller-Fahrenholz gently yet boldly confronts America with its image in the eyes of the world - and with the urgent need to reinvent itself before it's too late.
