The book is divided into two broad themes: event tourism and cultural tourism. The Cultural Tourism theme covers issues such as: socio-cultural and environmental impacts of tourism development; tourist experiences, motivations and behavior; development of cultural tourism; hosts and guests; Community participation; living heritage; and destination image and branding. The Event Tourism theme covers issues such as economic, socio-cultural and environmental impacts; tourist experiences, motivations and behavior; development of event tourism; event management and sponsorship; destination image and branding; and planning and marketing hallmark events.

The book is in response to the increasing demand for empirically-based case studies on event and cultural tourism and will appeal to both academics and practitioners. Case studies are also ideal as teaching material for both undergraduate and postgraduate programmes internationally.
