**Neptune: The Planet, Rings, and Satellites** Ellis D. Miner, Randii R. Wessen

Like the movie "Apollo 13" and the book on which it was based, **Neptune: The Planets, Rings and Satellites** tells the real story of the Voyager Mission to the outer planets from the point of view of the people who were there. It shows clearly the planning, excitement and major advances in our knowledge of Neptune and its system associated with the highly successful Voyager Mission and will remain a definitive description of Neptune for decades to come.
