**Surface Production Operations, Volume 2:: Design of Gas-Handling Systems and Facilities** Ken Arnold, Maurice Stewart

This revised edition puts the most current information about gas-handling systems and facilities at your fingertips. The authors channeled their classroom and field experience into this volume, which features many new sections such as:

- \* Heat recovery units
- \* Kinetic inhibitors and anti-agglomerators
- \* Trays and packing for distillation and absorption towers
- \* Compressor valves
- \* Foundation design considerations for reciprocating compressors
- \* Pressure vessel issues and components
- \* Nox reduction in engines and turbines
- \* Safety management systems

This book walks you through the equipment and processes used in gas-handling operations to help you design and manage a production facility. Production engineers will keep this volume on the desktop for the latest information on how to DESIGN, SPECIFY, and OPERATE gas-handling systems and facilities. The book allows engineers with little or background in production facility design to easily locate details about equipment, processes, and design parameters. With this volume, you will more completely comprehend the techniques of handling produced fluids from gas wells so your facility can be more efficient and productive.

- \* Revised edition puts the most current information about gas-handling systems at your fingertips
- \* Features brand new sections!

### **From reader reviews:**

#### **Archie Williams:**

Information is provisions for people to get better life, information nowadays can get by anyone from everywhere. The information can be a know-how or any news even an issue. What people must be consider whenever those information which is from the former life are difficult to be find than now could be taking seriously which one is acceptable to believe or which one the resource are convinced. If you get the unstable resource then you obtain it as your main information there will be huge disadvantage for you. All those possibilities will not happen throughout you if you take Surface Production Operations, Volume 2:: Design of Gas-Handling Systems and Facilities as your daily resource information.

#### **Mark Thomas:**

People live in this new day time of lifestyle always try and and must have the time or they will get lot of stress from both lifestyle and work. So , when we ask do people have time, we will say absolutely of course. People is human not really a robot. Then we request again, what kind of activity are there when the spare time coming to anyone of course your answer will probably unlimited right. Then do you try this one, reading publications. It can be your alternative inside spending your spare time, the actual book you have read is usually Surface Production Operations, Volume 2:: Design of Gas-Handling Systems and Facilities.

#### **Geraldine Louis:**

Do you have something that you enjoy such as book? The e-book lovers usually prefer to decide on book like comic, small story and the biggest some may be novel. Now, why not attempting Surface Production Operations, Volume 2:: Design of Gas-Handling Systems and Facilities that give your satisfaction preference will be satisfied simply by reading this book. Reading addiction all over the world can be said as the means for people to know world much better then how they react towards the world. It can't be said constantly that reading routine only for the geeky man but for all of you who wants to become success person. So , for every you who want to start examining as your good habit, you could pick Surface Production Operations, Volume 2:: Design of Gas-Handling Systems and Facilities become your personal starter.

#### **Bernice Cofield:**

Reading a book for being new life style in this calendar year; every people loves to learn a book. When you learn a book you can get a wide range of benefit. When you read textbooks, you can improve your knowledge, simply because book has a lot of information upon it. The information that you will get depend on what kinds of book that you have read. If you want to get information about your analysis, you can read education books, but if you want to entertain yourself you are able to a fiction books, these us novel, comics, along with soon. The Surface Production Operations, Volume 2:: Design of Gas-Handling Systems and Facilities will give you new experience in examining a book.
