Bob Kauflin

Combining biblical foundations with real-world application, a pastor and professional songwriter guides worship leaders and pastors to root their corporate worship in unchanging scriptural principles rather than divisive trends.

Nothing is more essential than knowing how to worship the God who created us. This book focuses readers on the essentials of God-honoring worship, combining biblical foundations with practical application in a way that works in the real world. The author, a pastor and noted songwriter, skillfully instructs pastors, musicians, and church leaders so that they can root their congregational worship in unchanging scriptural principles, not divisive cultural trends. Bob Kauflin covers a variety of topics such as the devastating effects of worshipping the wrong things, how to base our worship on God's self-revelation rather than our assumptions, the fuel of worship, the community of worship, and the ways that eternity's worship should affect our earthly worship.

Appropriate for Christians from varied backgrounds and for various denominations, this book will bring a vital perspective to what readers think they understand about praising God.

BOB KAUFILIN traveled with the Christian group GLAD for eight years as a songwriter and arranger before becoming a pastor with Sovereign Grace Ministries in 1985. He is now the director of worship development for Sovereign Grace, overseeing its music projects and teaching on congregational worship. He and his wife, Julie, have six children and an ever-growing number of grandchildren.
